

Termination Notice for Project TP6111 - Asset Disposal Authorization

Dear Customer ,

This serves as formal notification regarding the suspended battery development project TP6111. We confirm receipt of partial payment for mold and development fees. Full payment for 1,000 sets of risk-procured materials remains outstanding.

Due to project abandonment and repeated contact attempts, we hereby declare:

Molds: Will be scrapped on **May 19, 2026** due to unpaid balances and mounting storage costs

Materials: Will be disposed of on **May 19, 2026** as ownership was never transferred

SILENCE = CONSENT

Failure to respond before **17:00 (GMT+8) May 19, 2026** constitutes:

Authorization for mold destruction

Permanent waiver of material claims

Contact immediately if disputing:
